SUBJECT INDEX, VOLUME 148

Alligator mississippiensis, factors affecting retention time of turtle scutes in stomach 115
Munus rubra, seed production. 246
Amphibians, green frogs during the activity season 394
Animal ecology, population structure of the yellowcheek darter 129
diurnal habitat association of madtoms 138
thermal tolerance of orangethroat darter 120
habitat, use by larval mosquitoes in West Virginia 363
gray Squirrel seasonal activity in upper pine forest 271
over-wintering behavior of ornate box turtle .. 416
reproduction, growth of Allegheny wood rats . 155
the distribution of the amphipod *Gammarus pseudolimneaus* 350
effects of proximity and colony age on competition 376
reproduction, juvenile growth and recapture of Allegheny wood rats 155
Anolis sagrei, parasitism 409
Aphaenogaster cockerelli, effects on competition ... 376
Arkansas, use of small caves by big eared bats ... 193
Upper Little Red River, population structure of the yellowcheek darter 129

Behavior, neonatal aggregations of prairie rattlesnake 181
use of small caves by big eared bats 193
effects on interference competition in desert ants 376
long-distance movements in cotton rats and prairie voles 309
over-wintering behavior of ornate box turtle .. 416
spatio-temporal relationships among adult racoons 297
terretrial flatworm feeding behavior 401
use by bats of patches of residual trees in logged areas 282
Spatial relationships of male green frogs during the activity season 394
reproduction, juvenile growth and recapture of Allegheny wood rats 155
Bipalium adventitium, observations of feeding behavior 401
Bubo virginanus subarcticus, taxonomy 198

Cervus elaphus, production and survival of elk calves in Michigan 163
Corynorhinus townsendii ingens, Ozark big eared bat 193
Crotalus viridis viridis, neonatal aggregations 181

Density and biomass, the snail, *Leptoxis carinata* in Fishpond Creek, Virginia 172

Endangered species, Illinois endangered plant, Patterson birdweed 190

Etheostoma moorei, population structure of yellowcheek darter 129
Etheostoma spectabile, thermal tolerance and growth differences 120
Euthamia graminifolia, tissue Specific Activity 253

Fish, thermal tolerance of orangethroat darter .. 120
population structure of the yellowcheek darter 129
diurnal habitat association of madtoms 138
Florida, seasonal activities of the Florida kingsnake 102
Gammarus pseudolimneaus, calcium as a limiting Factor 350

Habitat, use by larval mosquitoes in West Virginia 363
Diurnal habitat of madtoms 138
Hawaii, Oahu, brown anole community 409

Illinois, endangered plant, Patterson birdweed germination 190
Indiana, north central, sex ratio of common musk turtle 185
Insects, life history of odonate nymphs in black water coastal streams 77
habitat use by larval mosquitoes in West Virginia 363
review with description of five new species of lice 63
fire, mowing and fertilization effects on two Cicadid species 92
effects of prescribed burning on epigeic springtails of woodland litter 383
Invasive species, spread of the invasive alien vine *Vincetoxicum rossicum* 263
Invertebrates other than insects, Snail, *Leptoxis carinata* Fishpond Creek, Virginia .. 172
amphipod *Gammarus pseudolimneaus* 350
seasonal variation in Helminth community of brown anole 409

Kansas, cotton rats and prairie voles 309

Lampropeltis gentula floridana, seasonal activity ... 102
Latris scariosa, prescribed fire on reproduction .. 20
Leopardus pardalis, food habits of ocelots in Jalisco, Mexico 146
Leptoxis carinata, environmental factors causing local variation in density and biomass 172
Lonicera japonica, lack of pollinators limits fruit set 56

Machaerilaemus, review with description of five new species 63
Mammals, ocelot food habits in tropical deciduous forest 146
reproduction, growth and recapture rates of wood rat 155

long distance movements of voles 309
production and survival of elk 163
mineral lick use by white-tailed deer 289
swift fox populations 320
Ozark big eared bats 193
gray squirrel seasonal activity patterns 271
Mexico, ocelot food habits in Jalisco 146
Michigan, production and survival of elk 163
Microtus ochrogaster, long distance movements . . . 309
Mississippi, relationships among adult racoons . . 297
Missouri, Ozark streams, diurnal habitat associations of madtoms 138

Nebraska, sandhill behavior of ornate box turtle . 416
Neotoma magister, reproduction, juvenile growth and recapture rates 155
New Mexico, swift fox populations 320
Noturus albater, N. exilis, N.flavater, diurnal habitat association of madtoms 138

Odocoileus virginanus, sex and age specific pattern in use of mineral lick 289

Parasites, seasonal variation in Helminth community of brown anole 409
Plant ecology, pine forest, northern Wisconsin . . 2
effects of prescribed burning on epigeic springtails of woodland 383
tallgrass praire restoration, rate of nutrients following six-year burn intervals 28
use of bats of patches of residual trees in logged area of boreal forests 282
upper pine forest, gray Squirrel seasonal activity 271
effects of prescribed fire on northern blazing star 20
effects of scarification techniques on germination 190
tissue-specific activity in *Euthamia graminifolia* and *Solidago canadensis* 253
Pogonomyrmex barbatus, effects of proximity and colony age on competition 376
Population structure, yellowcheek darter in Upper Little River 129
Population survey techniques 320
Procyon lotor, racoons in central Mississippi 297

Quercus alba, weak trophic interactions among birds and insects. 338
Quercus buckeyi, failure of adult recruitment 201

Rana clamitans, relationships throughout activity season 394
Reproduction, growth, of Allegheny wood rats . . 155
Reproductive ecology, effects of prescribed fire on northern blazing star 20
over-wintering behavior of ornate box turtle . . 416
reproduction, growth of Allegheny wood rats . 155
Reptiles, American alligator diet 115
brown anole, seasonal variation in Helminth Community of 409
sex ratio of common musk turtle 185
behavior of ornate box turtle 416
seasonal activities of the Florida kingsnake . . . 102
behavior of ornate box turtle 416

Sapium sebiferum, (Chinese tallow tree) potential allopatric interference 43
Sciurus carolinense, diet and microhabitat use 271
Sigmodon hispidus, movements in cotton rats 309
Solanum carolinense, nonfruiting hermaphroditic flowers. 236
Statistics, a hierarchical analysis of seed production by *Alanus rubra* 246
Sternitherus odoratus, sex ration in north central Indiana Lake 185
Stylisma pickeringii, effects of scarification techniques on germination 190

Taxonomy, Subarctic great horned owl (*Bufo virginanus subarcticus*) 198
Terrapene ornata ornata, activity and reproduction . 416
Texas, populations of *Quercus buckeyi* at Eastern Edwards Plateau 201

Vincetoxicum rossicum, tradeoffs between seed disperability and seed quality 263
Virginia, Fishpond Creek, environmental factors affecting *Leptoxis carinata* 172
reproduction, juvenile growth and recapture of Allegheny wood rats 155
Vulpes velox, a comparison of population survey techniques. 320

West Virginia, habitat use by larval mosquitoes . . 363
Wisconsin, 100 year recovery of pine forest 2
tallgrass prairie restoration in southern Wisconsin 218
